THE GUARDIAN OF OUR BODY.

blood that act as scavengers or policemen. These policemen which are called Asgrocytes look out for the noxious or poisonous elements are picked out of the blood and tissues by these policemen and destroyed. Therefore our lives are protected by these blood-cell-policemen, the Asgrocytes, and we enjoy immunity from disease so long as our blood contains plenty of plasgocytes and red blood corpuscles.

"A new broom sweeps clean—and in order to put our own house in order we must get rid of all the poisons in the blood with a new broom such as an alterative extract made from roots and herbe—without the use of alcohol, as Dr. Fierce's Golden Medical Discovery, a specific for making the total blood—for eradicating the poisons from the blood—for eradicating the policemen in the blood are increased in number and strength—so that we are put in the best possible shape to resist discase—to cute neutraliga, colds, cutarth, and incipient capasumption.
